

LINCOLN
EDUCATIONAL SERVICES

DRUG PREVENTION PROGRAM

In compliance with
The Drug-Free Schools and Communities Act
Amendments of 1989 (P.L. 101-226)
Revised May 2010

DRUG PREVENTION PROGRAM

Since 1946, Lincoln Technical Institute, Inc., hereafter called Lincoln Educational Services, has been recognized as one of the best in the Career School field. A major reason for this is our commitment to maintaining an atmosphere in our schools which promotes health, safety, and the learning environment for our employees and students.

Lincoln Educational Services is committed to freedom from:

ILLEGAL DRUGS

ABUSE OF LEGAL DRUGS

ALCOHOL/DRUG USE ON COMPANY PROPERTY

***ALCOHOL/DRUG USE OFF DUTY WHICH ADVERSELY EFFECTS
PERFORMANCE***

To ensure this, and to comply with the Drug-Free Schools and Communities Act Amendments of 1989 (P.L.101226), we have instituted this alcohol/drug policy which will be distributed to all employees and students at each school owned and operated by Lincoln Educational Services Corporation and its wholly owned subsidiaries and will be enforced in a fair and consistent manner at all times.

DRUG PREVENTION PROGRAM

A. INSPECTION

Where there is reasonable suspicion, **authorities will be contacted** which may result in an inspection of clothing and personal items. Inspections may include, but not limited to, lockers, desks, vehicles, and personal effects from pockets or handbags. If a violation has occurred, **Section C. below may apply.**

B. SEIZED PROPERTY

All illegal drugs will be turned over to local law enforcement agencies.

C. MEDICAL TESTS

If a student is found to be under the influence or in possession of alcohol/drugs as per Section A., above, then a medical examination may be requested. Refusal may result in possible expulsion.

If a medical test is completed and proves that a student is under the influence of alcohol/drugs, arrangements will be made for transportation home. All efforts will be made to secure safe transportation to home or medical facility. Proper law enforcement officials will be notified where appropriate and disciplinary action may be taken up to and including expulsion. Refer to Form #49151204 "Acknowledgment of Random Drug Testing."

D. STUDENT REFERRALS

Any student who voluntarily seeks help for an alcohol/drug problem from **Lincoln Educational Services' designated contact person** will be referred to the proper agency and will be given, if possible and practical, the option of returning to school upon documented successful completion of treatment. Any re-occurrence after completion of a treatment may result in expulsion.

DRUG PREVENTION PROGRAM

HEALTH RISKS

ALCOHOL EFFECTS:

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spousal and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

DRUG EFFECTS:

A description and effects of a variety of drugs are included on the following page.

Drugs of Abuse Uses & Effects

Drugs	CSA Schedules	Trade or Other Names	Medical Uses	Dependence			Duration (Hours)	Usual Method	Possible Effects	Effects of Overdose	Withdrawal Syndrome
				Physical	Psycho-logical	Tolerance					
Narcotics											
Heroin	Substance I	Diamorphine, Horse, Smack, Black tar, <i>Chiva, Negra (black tar)</i>	None in U.S., Analgesic, Antitussive	High	High	Yes	3-4	Injected, snorted, smoked	Euphoria, drowsiness, respiratory depression, constricted pupils, nausea	Slow and shallow breathing, clammy skin, convulsions, coma, possible death	Watery eyes, runny nose, yawning, loss of appetite, irritability, tremors, panic, cramps, nausea, chills and sweating
Morphine	Substance II	MS-Contin, Roxanol, Oramorph SR, MSIR	Analgesic	High	High	Yes	3-12	Oral, injected			
Hydrocodone	Substance II, Product III, V	Hydrocodone w/ Acetaminophen, Vicodin, Vicoprofen, Tussionex, Lortab	Analgesic, Antitussive	High	High	Yes	3-6	Oral			
Hydro-morphone	Substance II	Dilaudid	Analgesic	High	High	Yes	3-4	Oral, injected			
Oxycodone	Substance II	Roxicet, Oxycodone w/ Acetaminophen, OxyContin, Endocet, Percocet, Percodan	Analgesic	High	High	Yes	3-12	Oral			

				Dependence							
Drugs	CSA Schedules	Trade or Other Names	Medical Uses	Physical	Psycho-logical	Tolerance	Duration (Hours)	Usual Method	Possible Effects	Effects of Overdose	Withdrawal Syndrome
Codeine	Substance II, Products III, V	Acetaminophen, Guaifenesin or Promethazine w/Codeine, Fiorinal, Fioricet or Tylenol w/Codeine	Analgesic, Antitussive	Moderate	Moderate	Yes	3-4	Oral, injected			
Other Narcotics	Substance II, III, IV	Fentanyl, Demerol, Methadone, Darvon, Stadol, Talwin, Paregoric, Buprenex	Analgesic, Antidiarrheal, Antitussive	High-Low	High-Low	Yes	Variable	Oral, injected, snorted, smoked			

Depressants

<i>gamma</i> Hydroxybutyric Acid	Substance I, Product III	GHB, Liquid Ecstasy, Liquid X, Sodium Oxybate, Xyrem®	None in U.S., Anesthetic	Moderate	Moderate	Yes	3-6	Oral	Slurred speech, disorientation, drunken behavior without odor of alcohol, impaired memory of events, interacts with alcohol	Shallow respiration, clammy skin, dilated pupils, weak and rapid pulse, coma, possible death	Anxiety, insomnia, tremors, delirium, convulsions, possible death
Benzodiazepines	Substance IV	Valium, Xanax, Halcion, Ativan, Restoril, Rohypnol (Roofies, R-2), Klonopin	Antianxiety, Sedative, Anti-convulsant, Hypnotic, Muscle Relaxant	Moderate	Moderate	Yes	1-8	Oral, injected			
Other Depressants	Substance I, II, III, IV	Ambien, Sonata, Meprobamate, Chloral Hydrate, Barbiturates, Methaqualone (Quaalude)	Antianxiety, Sedative, Hypnotic	Moderate	Moderate	Yes	2-6	Oral			

				Dependence							
Drugs	CSA Schedules	Trade or Other Names	Medical Uses	Physical	Psycho-logical	Tolerance	Duration (Hours)	Usual Method	Possible Effects	Effects of Overdose	Withdrawal Syndrome
Stimulants											
Cocaine	Substance II	Coke, Flake, Snow, Crack, <i>Coca, Blanca, Perico, Nieve, Soda</i>	Local anesthetic	Possible	High	Yes	1-2	Snorted, smoked, injected	Increased alertness, excitation, euphoria, increased pulse rate & blood pressure, insomnia, loss of appetite	Agitation, increased body temperature, hallucinations, convulsions, possible death	Apathy, long periods of sleep, irritability, depression, disorientation
Amphetamine/ Meth-amphetamine	Substance II	Crank, Ice, Cristal, Krystal Meth, Speed, Adderall, Dexedrine, Desoxyn	Attention deficit/ hyperactivity disorder, narcolepsy, weight control	Possible	High	Yes	2-4	Oral, injected, smoked			
Methylphenidate	Substance II	Ritalin (Illy's), Concerta, Focalin, Metadate	Attention deficit/ hyperactivity disorder	Possible	High	Yes	2-4	Oral, injected, snorted, smoked			
Other Stimulants	Substance III, IV	Adipex P, Ionamin, Prelu-2, Didrex, Provigil	Vaso-constriction	Possible	Moderate	Yes	2-4	Oral			
Hallucinogens											
MDMA and Analogs	Substance I	(Ecstasy, XTC, Adam), MDA (Love Drug), MDEA (Eve), MBDB	None	None	Moderate	Yes	4-6	Oral, snorted, smoked	Heightened senses, teeth grinding and dehydration	Increased body temperature, electrolyte imbalance, cardiac arrest	Muscle aches, drowsiness, depression, acne
LSD	Substance I	Acid, Microdot, Sunshine, Boomers	None	None	Unknown	Yes	8-12	Oral	Illusions and hallucinations, altered perception of time and distance	(LSD) Longer, more intense "trip" episodes	None

				Dependence							
Drugs	CSA Schedules	Trade or Other Names	Medical Uses	Physical	Psychological	Tolerance	Duration (Hours)	Usual Method	Possible Effects	Effects of Overdose	Withdrawal Syndrome
Phencyclidine and Analogs	Substance I, II, III	PCP, Angel Dust, Hog, Loveboat, Ketamine (Special K), PCE, PCPy, TCP	Anesthetic (Ketamine)	Possible	High	Yes	1-12	Smoked, oral, injected, snorted		Unable to direct movement, feel pain, or remember	Drug seeking behavior *Not regulated
Other Hallucinogens	Substance I	Psilocybe mushrooms, Mescaline, Peyote Cactus, Ayahuasca, DMT, Dextromethorphan* (DXM)	None	None	None	Possible	4-8	Oral	Illusions and hallucinations, altered perception of time and distance	Unable to direct movement, feel pain, or remember	Drug seeking behavior *Not regulated
Cannabis											
Marijuana	Substance I	Pot, Grass, Sinsemilla, Blunts, <i>Mota</i> , <i>Yerba</i> , <i>Grifa</i>	None	Unknown	Moderate	Yes	2-4	Smoked, oral	Euphoria, relaxed inhibitions, increased appetite, disorientation	Fatigue, paranoia, possible psychosis	Occasional reports of insomnia, hyperactivity, decreased appetite
Tetrahydrocannabinol	Substance I, Product III	THC, Marinol	Antinauseant, Appetite stimulant	Yes	Moderate	Yes	2-4	Smoked, oral			
Hashish and Hashish Oil	Substance I	Hash, Hash oil	None	Unknown	Moderate	Yes	2-4	Smoked, oral			
Anabolic Steroids											
Testosterone	Substance III	Depo Testosterone, Sustanon, Sten, Cyp	Hypogonadism	Unknown	Unknown	Unknown	14-28 days	Injected	Virilization, edema, testicular atrophy, gynecomastia, acne, aggressive behavior	Unknown	Possible depression

				Dependence							
Drugs	CSA Schedules	Trade or Other Names	Medical Uses	Physical	Psycho-logical	Tolerance	Duration (Hours)	Usual Method	Possible Effects	Effects of Overdose	Withdrawal Syndrome
Other Anabolic Steroids	Substance III	Parabolan, Winstrol, Equipose, Anadrol, Dianabol, Primabolin-Depo, D-Ball	Anemia, Breast cancer	Unknown	Yes	Unknown	Variable	Oral, injected			
Inhalants											
Amyl and Butyl Nitrite		Pearls, Poppers, Rush, Locker Room	Angina (Amyl)	Unknown	Unknown	No	1	Inhaled	Flushing, hypotension, headache	Methemoglobinemia	Agitation
Nitrous Oxide		Laughing gas, balloons, Whippets	Anesthetic	Unknown	Low	No	0.5	Inhaled	Impaired memory, slurred speech, drunken behavior, slow onset vitamin deficiency, organ damage	Vomiting, respiratory depression, loss of consciousness, possible death	Trembling, anxiety, insomnia, vitamin deficiency, confusion, hallucinations, convulsions
Other Inhalants		Adhesives, spray paint, hair spray, dry cleaning fluid, spot remover, lighter fluid	None	Unknown	High	No	0.5-2	Inhaled			
Alcohol		Beer, wine, liquor	None	High	High	Yes	1-3	Oral

In New Jersey, a person is guilty of drunk driving if he/she operates a motor vehicle with a Blood Alcohol Concentration (BAC) of 0.08 percent or greater. BAC refers to the amount of alcohol in your blood. Although the law refers to a 0.08 percent BAC, you can be convicted of driving while under the influence of intoxicating liquor even when your BAC is below 0.08 percent. Consuming even small amounts of alcohol dulls the senses, decreases reaction time, and hampers judgement, vision and alertness. If you consume any amount of alcohol and your driving is negatively impacted, you can be convicted of drunk driving.

The Penalties

■ 1st Offense

Under New Jersey Law (P.L. 2003, CHAPTER 314), if an offender's BAC is 0.08 percent or higher, but less than 0.10 percent, or if an offender permits another person with a BAC over 0.08 percent, but less than 0.10 percent to operate a motor vehicle, the penalties are:

- A fine of \$250-\$400*
- Imprisonment for up to 30 days*
- 3 months license suspension*
- A minimum of six hours a day for two consecutive days in an Intoxicated Driver Resource Center
- An automobile insurance surcharge of \$1,000 a year for 3 years.

If the offenders's BAC is 0.10 percent or higher, or the person operates a motor vehicle while under the influence of a narcotic, hallucinogenic or habit-producing drug, or permits another person with a BAC of 0.10 percent to operate a motor vehicle, the penalties are:

- A fine of \$300-\$500*
- Imprisonment for up to 30 days*
- A license suspension between 7 months and 1 year*
- A minimum of six hours a day for two consecutive days in an Intoxicated Driver Resource Center
- An automobile insurance surcharge of \$1,000 a year for 3 years

Offenders with a BAC of 0.15 percent or higher must install an ignition interlock device in any vehicle they principally operate during the license suspension period and for a period of 6 months to 1 year after license restoration.

■ 2nd Offense

- A fine of \$500-\$1,000*
- Imprisonment of at least 48 consecutive hours, and up to 90 days*
- 2-year license suspension*
- 48 consecutive hours detainment in a regional Intoxicated Driver Resource Center.
- An automobile insurance surcharge of \$1,000 a year for 3 years.
- Installation of an ignition interlock device for a period of 1 year to 3 years after license restoration.

■ 3rd Offense

- A fine of \$1,000*
- Imprisonment of 180 days*
- 10-year license suspension*
- Detainment in an in-patient alcoholism treatment program
- A fee to be paid to the Intoxicated Driver Resource Center dependent upon court sentence
- An automobile insurance surcharge of \$1500 a year for 3 years
- Installation of an ignition interlock device for a period of 1 year to 3 years after license restoration.

■ Any Offense Also Carries

- \$100 surcharge to be deposited in the Drunk Driving Enforcement Fund
- A Motor Vehicle Commission restoration fee of \$100 and an Intoxicated Driving Program fee of \$100
- A Violent Crimes Compensation Fund fee of \$50
- A Safe and Secure Community Program fee of \$75

Registration Revocation/Ignition Interlock

In addition to these penalties, judges may order the revocation of the vehicle registration (Public Law 2000, Chapter 83).

The ignition interlock device, which measures the driver's blood alcohol level, may be required for up to three years following license restoration after a DWI conviction. Any person may start a motor vehicle equipped with an interlock device for safety reasons or to repair the device or motor vehicle, but the convicted offender **may not operate** the vehicle.

A person who, on behalf of the convicted offender, blows into an interlock device to start a motor vehicle or tampers with the device to circumvent its operation may be charged with a disorderly persons offense.

► [MVC Ignition Interlock Page](#)

Consequences of Underage Drinking and Driving

In New Jersey, you must be at least 21 years of age to purchase, possess or consume alcoholic beverages. Underage drinking is illegal and can have severe consequences for young people who drink and for adults who provide alcoholic beverages to those under 21.

If you are under 21 and buy or drink alcohol in a place with an alcohol beverage license, you may be fined \$500 and lose your driver license for 6 months. If you do not have your driver license, the suspension starts when you are first eligible to receive a license. Also you may be required to participate in an alcohol education or treatment program.

If you are under 21, drive with any detectable amount of alcohol in your system (.01 BAC or above), and are convicted for violating New Jersey's zero tolerance law, the penalties are:

- Loss or postponement of driving privileges for 30 to 90 days
- 15 to 30 days of community service
- Participation in an alcohol and traffic safety education program

Driving with a Suspended License Due to Driving While Intoxicated – The Penalties are:

- A fine of \$500*
- 10 to 90 days imprisonment*
- 1 to 2 years added license suspension*
- If you are involved in a crash while your license is suspended and someone is hurt, you face a mandatory 45 day jail sentence*
- Revocation of motor vehicle registration*

Refusal to Submit to Breath Test – The Penalties are:

- *1st offense* - \$300-\$500 fine and a license suspension of not less than seven months or more than one year*
- *2nd offense* - \$500-\$1,000 fine and a 2-year license suspension*
- *3rd offense* - \$1,000 fine and a 10-year license suspension*
- Installation of an ignition interlock device for a period of 6 months to 1 year after license restoration for the 1st offense, 1 year to 3 years for the 2nd and 3rd offenses.
- Automobile insurance surcharge of \$1,000 a year for 3 years for 1st and 2nd offenses, \$1,500 for 3rd offense
- \$100 surcharge to be deposited in the Drunk Driving Enforcement Fund
- Referral to an Intoxicated Driver Resource Center

Possessing an Open Container in the Passenger Compartment – The Penalties are:

- *1st offense* - \$200
- *2nd offense* - \$250 fine or 10 days of community service

■ 1st Offense

Under New Jersey Law (P.L. 2003, CHAPTER 314), if an offender's BAC is 0.08 percent or higher, but less than 0.10 percent, or if an offender permits another person with a BAC over 0.08 percent, but less than 0.10 percent to operate a motor vehicle, the penalties are:

- A fine of \$250-\$400*
- Imprisonment for up to 30 days*
- 3 months license suspension*
- A minimum of six hours a day for two consecutive days in an Intoxicated Driver Resource Center
- An automobile insurance surcharge of \$1,000 a year for 3 years.

If the offenders's BAC is 0.10 percent or higher, or the person operates a motor vehicle while under the influence of a narcotic, hallucinogenic or habit-producing drug, or permits another person with a BAC of 0.10 percent to operate a motor vehicle, the penalties are:

- A fine of \$300-\$500*
- Imprisonment for up to 30 days*
- A license suspension between 7 months and 1 year*
- A minimum of six hours a day for two consecutive days in an Intoxicated Driver Resource Center
- An automobile insurance surcharge of \$1,000 a year for 3 years

Offenders with a BAC of 0.15 percent or higher must install an ignition interlock device in any vehicle they principally operate during the license suspension period and for a period of 6 months to 1 year after license restoration.

■ 2nd Offense

- A fine of \$500-\$1,000*
- Imprisonment of at least 48 consecutive hours, and up to 90 days*
- 2-year license suspension*
- 48 consecutive hours detainment in a regional Intoxicated Driver Resource Center.
- An automobile insurance surcharge of \$1,000 a year for 3 years.
- Installation of an ignition interlock device for a period of 1 year to 3 years after license restoration.

■ 3rd Offense

- A fine of \$1,000*
- Imprisonment of 180 days*
- 10-year license suspension*
- Detainment in an in-patient alcoholism treatment program
- A fee to be paid to the Intoxicated Driver Resource Center dependent upon court sentence
- An automobile insurance surcharge of \$1500 a year for 3 years
- Installation of an ignition interlock device for a period of 1 year to 3 years after license restoration.

■ Any Offense Also Carries

- \$100 surcharge to be deposited in the Drunk Driving Enforcement Fund
- A Motor Vehicle Commission restoration fee of \$100 and an Intoxicated Driving Program fee of \$100
- A Violent Crimes Compensation Fund fee of \$50
- A Safe and Secure Community Program fee of \$75

Registration Revocation/Ignition Interlock

In addition to these penalties, judges may order the revocation of the vehicle registration (Public Law 2000, Chapter 83).

The ignition interlock device, which measures the driver's blood alcohol level, may be required for up to three years following license restoration after a DWI conviction. Any person may start a motor vehicle equipped with an interlock device for safety reasons or to repair the device or motor vehicle, but the convicted offender **may not operate** the vehicle.

A person who, on behalf of the convicted offender, blows into an interlock device to start a motor vehicle or tampers with the device to circumvent its operation may be charged with a disorderly persons offense.

Consequences of Underage Drinking and Driving

In New Jersey, you must be at least 21 years of age to purchase, possess or consume alcoholic beverages. Underage drinking is illegal and can have severe consequences for young people who drink and for adults who provide alcoholic beverages to those under 21.

If you are under 21 and buy or drink alcohol in a place with an alcohol beverage license, you may be fined \$500 and lose your driver license for 6 months. If you do not have your driver license, the suspension starts when you are first eligible to receive a license. Also you may be required to participate in an alcohol education or treatment program.

If you are under 21, drive with any detectable amount of alcohol in your system (.01 BAC or above), and are convicted for violating New Jersey's zero tolerance law, the penalties are:

- Loss or postponement of driving privileges for 30 to 90 days
- 15 to 30 days of community service
- Participation in an alcohol and traffic safety education program

Driving with a Suspended License Due to Driving While Intoxicated – The Penalties are:

- A fine of \$500*
- 10 to 90 days imprisonment*
- 1 to 2 years added license suspension*
- If you are involved in a crash while your license is suspended and someone is hurt, you face a mandatory 45 day jail sentence*
- Revocation of motor vehicle registration*

Refusal to Submit to Breath Test – The Penalties are:

- *1st offense* -
\$300-\$500 fine and a license suspension of not less than seven months or more than one year*
- *2nd offense* -
\$500-\$1,000 fine and a 2-year license suspension*
- *3rd offense* -
\$1,000 fine and a 10-year license suspension*
- Installation of an ignition interlock device for a period of 6 months to 1 year after license restoration for the 1st offense, 1 year to 3 years for the 2nd and 3rd offenses.

- Automobile insurance surcharge of \$1,000 a year for 3 years for 1st and 2nd offenses, \$1,500 for 3rd offense
- \$100 surcharge to be deposited in the Drunk Driving Enforcement Fund
- Referral to an Intoxicated Driver Resource Center

Possessing an Open Container in the Passenger Compartment – The Penalties are:

- *1st offense* - \$200
- *2nd offense* - \$250 fine or 10 days of community service

** If occurring within a school zone or school crossing, this penalty is increased under Public Law 99, Chapter 185.*

DRUG PREVENTION PROGRAM
LOCAL TREATMENT CENTERS

Middlesex County
New Jersey

KEY TO FACILITY CODES***Primary Focus of Provider**

SA	Substance abuse treatment services
MH	Mental health services
MH-SA	Mix of mental health and substance abuse services
GH	General health services

Services Provided

TX	Substance abuse treatment
DT	Detoxification
MM	Methadone maintenance (<i>facility may also use buprenorphine in maintenance</i>)
DM	Methadone detoxification (<i>facility may also use buprenorphine in detoxification</i>)
BU	Buprenorphine used in treatment
HH	Halfway house

Type of Care

HI	Hospital inpatient
OP	Outpatient
PH	Partial hospitalization/day treatment
RS	Residential short-term treatment (30 days or less)
RL	Residential long-term treatment (more than 30 days)

Special Programs/Groups Offered

AD	Adolescents
CO	Persons with co-occurring mental and substance abuse disorders
HV	Persons with HIV/AIDS
GL	Gays and Lesbians
SE	Seniors/older adults
PW	Pregnant/postpartum women
WN	Women
MN	Men
BC	Residential beds for clients' children
DU	DUI/DWI offenders
CJ	Criminal justice clients

Forms of Payment Accepted

SF	Self payment
MD	Medicaid
MC	Medicare
SI	State Financed (other than Medicaid)
PI	Private health insurance
MI	Military Insurance (e.g. VA, TRICARE)
AR	Access to Recovery voucher

Payment Assistance Available

SS	Sliding fee scale (<i>Fee is based on income and other factors</i>)
PA	Payment assistance (<i>Check with facility for details</i>)

Special Language Services

AH	ASL or other assistance for hearing impaired
SP	Spanish

See next page for additional language services for non-English speakers

* In the State-by-State facility listing, a “/” separates codes for each major category.

KEY TO SPECIAL LANGUAGE SERVICES

NOTE: Treatment facilities displaying language codes reported that staff counselors provide treatment in those languages. In addition, many facilities bring in on-call interpreters for any language, as needed. Contact the individual facility for specific information.
