All books are furnished by NADC while you are in school. The books are yours to keep! Also, all students receive five (5) student uniform shirts and three (3) uniform pants.

All Auto and Diesel related courses and Collision Repair and Refinishing courses for the diploma programs are offered on two (2) shifts.

Effective March 1, 2006, Nashville Auto-Diesel College now requires students to have a complete set of tools for their education. As a matter of choice, students can purchase their own set of tools prior to starting school or they can purchase the 172-piece NAPA set through the school. If the tools are purchased through the school, they may be packaged in with their financial aid (if you qualify). Tools purchased through the school will be handed out after the first class. All sets not purchased through the school must be approved by the Education Department for completeness.
